

Dear Paromita Saha,

Offer of Internship

We are pleased to offer you the opportunity to join The Developers Arena as a **Data Science Intern**. After reviewing your qualifications, we are confident in your potential and excited about working together to support your professional growth.

Internship Details

- Position: Data Science Intern
- Location: Remote
- Duration: 6 months (starting from 10/06/2025)
- Stipend: This is an unpaid internship. Access to training and resources is included.

Internship Program Overview

The internship program is designed to provide hands-on experience in Data Science through real-world projects, mentorship, and assessments. Successful completion of the program may lead to consideration for a full-time position with The Developers Arena.

Conditions of Internship

1. Training: Interns must complete the 6-month program, which includes training modules, project tasks, and regular evaluations.
2. Performance Evaluation: Interns will be assessed based on their achievements during the internship. Outstanding interns may be offered a full-time role.
3. Confidentiality Agreement: Interns are required to sign a confidentiality agreement to protect the company's proprietary information and intellectual property.

How to Accept the Offer

To confirm your acceptance of this offer, reply to this email. Once confirmed, you will receive onboarding details, including your training schedule and start date.

We look forward to having you on board and helping you build your expertise during this internship. Should you have any questions, feel free to contact us at your earliest convenience.

Once again, congratulations on your selection!
